

The SDGs wedding cake

The illustration describes how economies and societies should be seen as embedded parts of the biosphere.

This vision is a move away from the current sectoral approach where social, economic, and ecological development are seen as separate parts.

The concept of “interactive governance”

refers to

*“the whole of interactions among civil, public and private actors taken to **solve societal problems** and **create societal opportunities**”*

(including the formulation and application of principles guiding those interactions and care for institutions that enable and control them)”

MARCH 8, 2022

COUNTDOWN TOWARDS THE COMMENCEMENT OF THE OCEAN COORDINATION MECHANISM MOU

After five years of regional negotiations, the Memorandum of Understanding (MoU) that will enable the creation of an Ocean Coordination Mechanism (OCM) for the wider Caribbean (Caribbean and North Brazil Shelf Large Marine Ecosystems) was finalized on October 12, 2021. Following the (pending) language reconciliation of the English, Spanish and French versions of the MoU, the MoU will be opened for signatures by Countries and Intergovernmental Organisations (IGO's) listed in MoU [Annex 1](#). Once open for signatures, the below dashboard will track the total number of signatures received to date, as well as the remaining amount of signatures that are still required for the MoU to commence.

0 signatures received

17 additional country signatures needed (min. 17 required) 6 additional IGO signatures needed (min. 6 required)
